**Representative Lori Berman Celebrates Farm Share Distribution of  
Free Food to Over 300 Families in Palm Beach County**

**Boynton Beach, Fla. --** On Saturday, January 28, 2017, Florida State Representative Lori Berman (D-Lantana) and Boynton Beach Commissioner Joe Casello, along with about 100 volunteers, joined Farm Share at St. John's Missionary Baptist Church in Boynton Beach to distribute fresh and nutritious food to families in need. Every year, our food lines become longer and longer and through food distribution events such as this we were able to provide fresh fruit, vegetables, and bread to over 300 local families.

“I am proud and honored to have taken part in a Farm Share food distribution event for the second time,” said Representative Berman. “It truly fills my heart to be able to give back to our community, especially those in need, while also seeing the community come together to help their fellow neighbors. I look forward to hosting another Farm Share event next year.”

This event was made possible by the successful partnership of city officials and employees in Boynton Beach.
